

## FEATURES

- Heat dissipation
- Preventing overheating
- Offering protection
- Cooling fins
- Design for PCB card mounting

## RS PRO Black Anodised Aluminium Project Box, 225 x 105 x 61mm

RS Stock No.: 185-3221

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

**Product Description**

Introducing anodised aluminium project boxes from our trusted and reliable own brand RS PRO, a range of enclosures ideal for the installation of electricity circuitry with precision. These high standard project boxes are constructed from a hollow aluminium extrusion and feature a series of printed circuit board mounting slots inside to accept Eurocard PCB (printed circuit boards), providing flexibility and reliability in board design.
