

Breadboard set SBS-111

【Product Description】

This product is a book "Breadboard Electronics for Fun", "Breadboard SRH-32", "Jump Wire Kit SKS-390", "Breadboard Parts Set (Basic Set) SBS-101", "Breadboard Parts Set (Additional set) SBS-102 ", " Lead Vendor RB-5 ", " Pin ICS-01 "and" Tweezers "are all in one set. In addition, it is an easy to handle attache case with a handle.

【set content】

Book (Japanese Langlage)	: Enjoyable breadboard electronics
bread board	: SRH-32 (RS Stock No.: 634-8869)
Jump wire kit	: SKS-390
Breadboard parts set (basic set)	: SBS-101
Breadboard parts set (additional set)	: SBS-102
Lead vendor	: RB-5 (RS Stock No.: 602-2040)
Pin-up	: ICS-01 (RS Stock No.: 631-3497)
tweezers	: One

【please note】

- General knowledge of electronic work and electronic circuits is required to use this product.
- Before using this product, be sure to refer to the book "Easy to use breadboard electronics" published by the Tokyo Denki University Press.
- The parts included in this product (electrolytic capacitors, etc.) may differ from the rated voltage introduced in the book, but there is no problem with the operation of the circuit.
- Use parts that are sensitive to static electricity.
- One production example can be made at a time using the parts of this product. If you make another production example at the same time, you may run out of parts. To make another production example, remove all the parts from the completed production example and reuse the parts.
- Since the parts are reused, it is recommended to cut the lead of the parts a little longer with a margin.
