(up to 150MB/s read and 60MB/s write)

128GB in green, purple
(up to 150MB/s read and 60MB/s write)

256GB in green, purple
(up to 150MB/s read and 60MB/s write)

Faster file transfer with USB 3.0 technology

Spend less time waiting for your files to transfer with the high-performance Lexar® JumpDrive® S57 USB 3.0 Flash Drive. Quickly and securely transfer your photos, videos, and files with speeds up to 150MB/s[1]. This drive is loaded with advanced security software from DataVault™ Lite to help give you peace of mind and protect your files against corruption, loss and deletion. It also sports a slim design with a protective sliding cover and is available in colorful capacity options (16GB-256GB) to reflect your style. The Lexar® JumpDrive® S57 USB 3.0 is also backwards compatible with USB 2.0 devices, providing added versatility and is backed by a three-year limited warranty.

Store and transfer content at USB 3.0 speeds. With a busy life on the go and so much to do, the last thing you want is to spend extra time waiting for your files to transfer. The high-performance Lexar® JumpDrive® S57 USB 3.0 Flash Drive offers a read transfer speed up to 150MB/s[1]. And for added versatility, the drive is backwards compatible with USB 2.0 devices.

Securely protect your files. Looking to protect personal information, financial records, or other sensitive files on the go? JumpDrive S57 includes DataVault™ Lite software, an advanced security solution with 256-bit AES encryption to help protect your essential files against corruption, loss, and deletion. Easily create a password-protected vault that automatically encrypts data. And for peace of mind, files that are deleted from the vault are securely erased and can't be recovered.

Store more of what matters. The drive is available in a wide range of high-capacity options up to 256GB, opening up a world of storage possibilities and allowing you to store more of what matters.

Store it all with a wide range of capacities. JumpDrive S57 is available in 16/32/64/128GB/256GB. These options make it easy to find one to suit your needs and store more of your data in one place.

Rigorously tested. All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.

For more than 20 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, and solid-state drives. With so many options, it's easy to find the right Lexar solution to fit your needs. Lexar products are available worldwide at major retail and e-tail stores. For more information or support, visit www.lexar.com.

[1] Based on 64GB-256GB capacities. Up to 150MB/s read transfer, write speeds lower. Speeds based on internal testing. Actual performance may vary.

Some of the listed storage capacity is used for formatting and other purposes and is not available for data storage. 1GB equals 1 billion bytes.

Security safeguards, by their nature, are capable of circumvention. Lexar does not guarantee data will be 100% secure from unauthorized access, alteration, or destruction.
